JEMAI INTERNATIONAL LIMITED
FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2024
Statement of directors' responsibilities

The Companies and Allied Matters Act requires the Directors to prepare financial statements for each financial year that give a true and fair view of the state of financial affairs of the Company at the end of the year and of its profit or loss. The responsibility include:

(a) ensuring that the Company keeps proper accounting records that disclose, with reasonable accuracy, the financial position of the Company and comply with the requirements of the Companies and Allied Matters Act;

(b) designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error; and

(c) preparing the Company's financial statements using suitable accounting policies supported by reasonable and prudent judgements and estimates that are consistently applied.

The directors accept responsibility for the annual financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgements and estimates, in conformity with International Financial Reporting Standards and the requirements of the Companies and Allied Matters Act.

The financial statements give a true and fair view of the state of the financial affairs of the Company and of its profit or loss. The directors further accept responsibility for the maintenance of accounting records that may be relied upon in the preparation of financial statements, as well as adequate systems of internal financial control.

Nothing has come to the attention of the directors to indicate that the Company will not remain a going concern for at least twelve months from the date of this statement.

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

a) Basis of Accounting

The financial statements have been prepared in accordance with international Financial Reporting Standards, and the Companies and Allied Matters Act of Nigeria, CAP C20 LFN 2004. The financial statements have been prepared on the historical cost basis, and incorporate the principal accounting policies set out below. They are presented in Nairas.

b) Going Concern

The directors have, at the time of approving the financial statements, a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the financial statements.

c) Property, Plant and Equipment

Property, plant and equipment are stated at cost less accumulated depreciation. Costs include expenditures that are directly attributable to the acquisition of assets.

d) Depreciation

Depreciation is calculated on the depreciable amount which is the cost of an asset, on straight line basis. Each part of an item of property, plant and equipment with a cost that is significant in relation to the whole is depreciated separately over its expected useful life. Expected useful life is the period of use by the company, not the asset's economic life, which could be appreciably longer. The depreciable amount takes account of the expected residual value of the assets.

The depreciation is recognized in the income statement on a straight-line basis over the estimated useful lives of an item of property, plant and equipment as follows:

Asset category	**Depreciation rate (%)**
Furniture & Fittings	20%
Computer & Equipment	20%
Motor Vehicle	25%

e) Financial Instruments

The Company's other financial instruments include:
Trade and Other Receivables
Trade and Other Payables
Cash and Cash Equivalents

Trade and Other Receivables

Trade receivables are measured at amortised cost less any impairment losses. Since the effect of discounting is immaterial, they are stated at their invoice price. Trade and other debtors are stated after deduction of privisions being made for obsolate and damaged.

Trade and Other Payables
Trade and other payables are stated at amortised cost.

Cash and Cash Equivalents
Cash and cash equivalents comprise current balances with banks. For cash flow statement presentation purposes, cash and cash equivalents.

f) Revenue Recognition
Turnover is recorgnised on the basis of percentage of work completed. It's measured as the fair value of the consideration received or receivable from service rendered in the ordinary course of the company's activities. Turnover is shown net of value-added tax, and returns. The company recognized revenue when the amount of revenue can be reliably measured; it is probable that future economic benefits will flow to the company and when specific criteria have been met for each of the Company's activities.

g) Taxes
Tax expense comprises current and deferred tax. Tax expense is recognized in the Statement of Comprehensive Income, unless it relates to items recognized outside the statement of income. Tax expense relating to items recognized outside of the Statement of Comprehensive Income is recognized in correlation to the underlying transaction in either other comprehensive income or equity.

h) Current Income Tax
Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

i) Deferred Tax
Deferred tax is provided using the liability method for temporary differences between the tax bases of assets and liabilities and their carrying amount for financial reporting purposes. Deferred tax assets and liabilities are measured using substantively current statutory rates at the reporting date that are expected to be in effect when the temporary differences that arise on initial recognition of assets and liabilities.
